Mayor Prince To Celebrate Successes, Set City's Course In Annual State Of The City Address

(GARY)- Mayor Jerome A. Prince today announced he will hold his second State of the City address on Sept. 15, at the U.S. Steelyard, 1 Stadium Plaza, home of the Gary SouthShore RailCats.

The event will mark Mayor Prince's first in-person State of the City address.

Mayor Prince said he will revisit a range of his administration achievements this year while setting a tone and direction for Gary for the coming year.

"We've come a long way, especially in the face of a historic pandemic," Mayor Prince said. "This is an opportunity to commend our residents and businesses on a job well done while we lay the groundwork for an exciting 2022."

Along with highlighting economic development projects and other successes that have helped to Reimagine Gary, the address also will focus on Mayor Prince's three key initiatives: cleaning up the City, making Gary a safer place, and improving customer service at all City facilities.

Attendees may choose a pre-address luncheon at the RailCats stadium, but the event will be open and free to the public shortly before the Mayor begins his presentation at 12:15 p.m. The presentation also will stream live on the City's social media channels.

"The State of the City is important and necessary, and it should be made available to every Gary resident who can attend," Mayor Prince said. "They'll be able to enjoy a beautiful venue and join their neighbors in listening to the speech live and in-person."

The address will be recorded and aired on social media, the City's website, and on local public access television stations.

For more information, contact Michael Gonzalez, City of Gary Communications Director, at (219)617-0796.
